

## History Store Costume Collection Talk and tour

Thursday 25<sup>th</sup> June 2026 at 1030

Our next event will be an opportunity to hear Sally Mansell from the Herefordshire Museums and Galleries team talk about how the collection came about, and for a small number of people to tour the stores with her to look at some of the highlights. Sally will give her introductory talk in the Morgan Room and then a maximum of ten people will visit the store.

Considered one of the country's most important costume collections this is a chance to see some of the county's finest treasures and see that, as an evolving collection, times do not stand still.

Join us for an interesting browse in this treasure chest and see some of the artefacts from the archive and collections displayed especially for us. Please email as below with a name and the number of people attending. Due to limited stores space, we will arrange another date later this year.
